To any prospective customer of FiFo Capital,

After providing Andrew Allen of FiFo Capital with a glowing report of his business conduct and service excellence to our company, I was asked if I was prepared to provide a similar testimonial letter of recommendation for any prospective customers of his own. The question needed little consideration, but the response required a little more thought.

Andrew Allen was introduced to my business through another debtor funding organisation who recommended his services during the early development phase of my packaging manufacturing business, when this company who made the recommendation was unable to provide debtor funding to my business in an unusually short time frame.

Andrew from FiFo Capital easily met my short deadline and delivered exactly what he promised at a time when the growth of my business required our debtor funds to survive. Because of that service and the timely manner in which FiFo Capital operates, our business was also able to deliver exactly what we promised in return.

Without doubt this personalised level of support and professionalism has not only contributed to the success of my business, but is one of the very reasons I am here today in business telling the story. FiFo's support allowed our business to grow at a rate that would not have been possible without this funding facility.

I have no problem in recommending any business to the services of FiFo Capital and Andrew Allen in particular. He is one of the best operators I have dealt with and if debtor funding is an option you are seriously considering, then I urge you to discover the same.

Please feel free to call me in my office during business hours on (03)9561-9088 or directly on my mobile 0416 620 430 if you have any questions about my dealings with Andrew Allen or FiFo Capital. I'd be happy to take your call.

Kind regards,
